SYNOPSIS:

On Halloween night, Jack (26) attempts to revive his deceased fiancé with the help of two outlandish neighbors; Janice and Frank. At first, the séance appears to result in failure. After his neighbor's depart and a few too many drinks are consumed, Anna's tangible spirit appears. Jack is ecstatic. But, Anna's not the least bit enthused to see him. Jack decides to kill himself so that he can be eternally bound to Anna. After a multitude of failed suicide attempts, Anna reveals she was going to break up with him. Only, she never got a chance to before she died. As a result, Jack shatters a vase and cuts his own throat. In a final awkward confrontation with spirit Jack and spirit Anna, they realize they are eternally bound forever.

CHARACTER BREAKDOWNS:

Jack (22-32) (Birth Month: June)(Astrology Sign: Cancer)

Jack is a clingy, hopeless romantic who regards having a partner as essential as having food and water. Jack is attracted to oppositional personalities, looking past the negatives traits in people. That is, until his Fiancé Anna died and his entire outlook of life turned sour.

Anna (22-30) (Birth Month: October)(Astrology Sign: Libra)

Anna is a rebellious, beautiful woman with an acerbic attitude and no sense of filtering what comes out of her mouth. She despises all types of repetition found in personalities and desired to break up with Jack in last week they shared together. Ironically, a few days after her favorite Holiday, Halloween, Anna overdosed on a mix of Xanax and Prescription Painkillers.

Janice (40-65) (Birth Month: March)(Astrology Sign: Pisces)

Janice has given herself many names: Necromancer, Psychic, Sorceress of the Night. She is none of these things. Her obsessive imagination with spells of the unknown have done her more harm than good, given that everyone in the neighborhood thinks she's a wannabe witch nutcase.

Frank (40-65)(Birth Month: February)(Astrology Sign: Aquarius)

Frank is a lazy romantic who is equal parts cordial as he is self-centered. He expects other people to do everything for him: cooking, cleaning, mowing the lawn, you name it. Fortunately for Frank, his 30-year-old marriage with Janice still holds strong, even if he does think his wife's voodoo magic practices are a bit strange.
