

Willa Sides

"As Easy As It Looks"

EXT. STREET - AFTERNOON

Willa restrains her rage. She notices Rae's work apron.

WILLA

What do you even do, waitress?

That's pretty lame.

Rae is taken aback. She walks over to the guitar case and opens it. Willa's eyes light up with excitement.

RAE

This is what I do.

Willa runs over and picks it up, examining its wonder.

WILLA

(sarcastically)

So, what. You gonna play something
now and make everything better?

She tries to give Rae the guitar. Rae lifts her hands above her head.

RAE

It's not as easy as it looks, ya
know. I can't just play this thing
for who ever I want.

WILLA

Can I smash it then?

Willa smiles at the guitar.
